PRODUCT MANUAL

VJ Series Products

Eco-friendly Biodegradable
MFPP Hinge Microwaveable
Containers

Mineral-filled polypropylene is made with up to 40% natural mineral content. This reduces the amount of total plastic being used to manufacture each container and helps meet our sustainability goals in areas where recycling isn't available.

Mineral-filled polypropylene is excellent for both hot and cold foods. The material is cut resistant and soak proof, as well as microwavable, making it a versatile choice for serving food on the go.

MFPP Hinge Microwaveable Containers

MATERIAL: Mineral-filled Polypropylene

Code: VJ-61
Size: 6*6inch, Hamburger
Capacity:
Pcs/Ctn: 250
